WHY CHOOSE US?

- ✓ Australian Supplier
- ✓ High-Quality Laboratory Chemicals
- ✓ Consistent and Reliable Supply
- ✓ Competitive Pricing
- ✓ Fast Turnaround Times
- ✓ Custom Quantities Available

PRODUCTION CAPACITY

We can manufacture and supply up to 5,000 jars per day to meet the demands of hospitals, pathology laboratories, research facilities, and healthcare providers.

Whether you need small volumes or bulk quantities, we can provide chemical solutions tailored to your requirements.

XYLENE REPLACEMENT SolV21C

SAFER. CLEANER. SMARTER.

SolV21C is a **non-flammable, non-toxic** alternative to xylene and Histolene. It contains no toxins or carcinogens and is not classified as dangerous goods, making **storage and delivery easier**.

MINIMAL ODOUR
Improves staff comfort

REDUCED EXPOSURE CONCERNS
Safer for you, your lab and the environment

ENVIRONMENTALLY RESPONSIBLE
Lower impact on the environment

EXCELLENT RESULTS
Clear, pure solvent for optimal tissue clarity and staining

BETTER WORKPLACE
Cleaner air quality and more productive laboratory

TRUSTED PERFORMANCE
Consistent, reliable results every time

HOW DO THEY COMPARE?

FEATURES	XYLENE	HISTOLENE	CITROLENE	SolV21C
Tissue Clearing Performance	✓ Excellent	✓ Excellent	✓ Excellent	✓ Excellent
Odour	✗ Very Strong	△ Strong	△ Moderate	✓ Minimal
Flammability	✗ High	△ Flammable	△ Flammable	✓ Non-Flammable
Staff Comfort & Safety	✗ Poor	△ Moderate	△ Moderate to Good	✓ Excellent
Environmental Impact	✗ High	△ Moderate	△ Moderate	✓ Lower Impact
Laboratory Air Quality	✗ Poor	△ Improved	△ Improved	✓ Clean & Comfortable
Cost Efficiency	△ Low	△ Moderate	△ Moderate	✓ Cost Effective

BEST OVERALL CHOICE

WHY XYLENE IS STILL A MAJOR CONCERN

- ✗ Toxic by inhalation, skin contact & ingestion
- ✗ Causes headaches, nausea, dizziness & fatigue
- ✗ Irritates eyes, skin & respiratory system
- ✗ Long-term exposure may cause liver & kidney damage
- ✗ Strong odour affects comfort and productivity
- ✗ Highly flammable – serious fire hazard
- ✗ Requires expensive ventilation systems
- ✗ Environmental hazard – contributes to pollution

ALTERNATIVES: BETTER BUT NOT PERFECT

Many laboratories moved from Xylene to Histolene or Citrolene to reduce odour and exposure risks.

- △ Lower odour than Xylene
- △ Reduced exposure concerns
- △ Still has noticeable smell
- △ Still flammable
- △ Can affect long-term staff comfort

SolV21C – THE SMARTER CHOICE

- ✓ Non-flammable for safer handling and storage
- ✓ Non-toxic and contains no carcinogens
- ✓ Excellent tissue clearing and staining results
- ✓ Odour-free to low odour for better comfort
- ✓ Supports better lab air quality
- ✓ Environmentally more responsible
- ✓ Ideal for routine histology workflows
- ✓ Not classified as dangerous goods – easier storage and delivery
- ✓ Trusted by laboratories who prioritize safety and performance

SAFER FOR YOU AND YOUR TEAM
Improve wellbeing and productivity in your laboratory.

KINDER TO THE ENVIRONMENT
Choose a solution that supports a cleaner tomorrow.

SUPERIOR RESULTS YOU CAN TRUST
Clear, bright slides with excellent staining quality.

COMPACT SOLUTION

Use SolV21C with Newmount Mounting Medium for perfect results.

MAKE THE SWITCH.
CHOOSE SolV21C FIRST.

DISPOSABLE DISSECTION BOARD

IDEAL FOR HISTOLOGY & TISSUE CUTUP

The Disposable Dissection Board is a durable, flexible, and cut-resistant surface designed to support safe and efficient handling of tissue specimens.

CUT
RESISTANT

DISPOSABLE &
HYGIENIC

IMPERIAL &
METRIC

AUTOClave &
ALCOHOL
COMPATIBLE

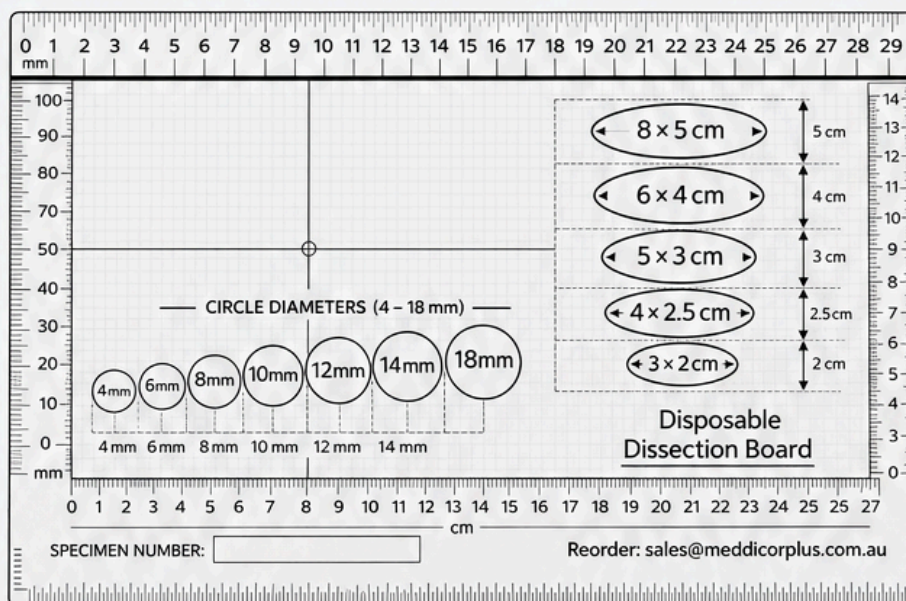

SINGLE
USE

KEY FEATURES

- ✓ **Material:** Extruded Co-Polymer Resin
- ✓ **Colour:** White
- ✓ **Cut Resistance:** Strong, Cut-Resistant Surface For Safe Specimen Handling
- ✓ **Printing:** Double-Sided, Reversible Printing With Both Imperial And Metric Scales
- ✓ **Disposable:** Designed For Single-Use To Ensure Hygiene And Convenience
- ✓ **Sterilisation:** Compatible With Alcohol Wiping Or Autoclaving

AVAILABLE SIZES

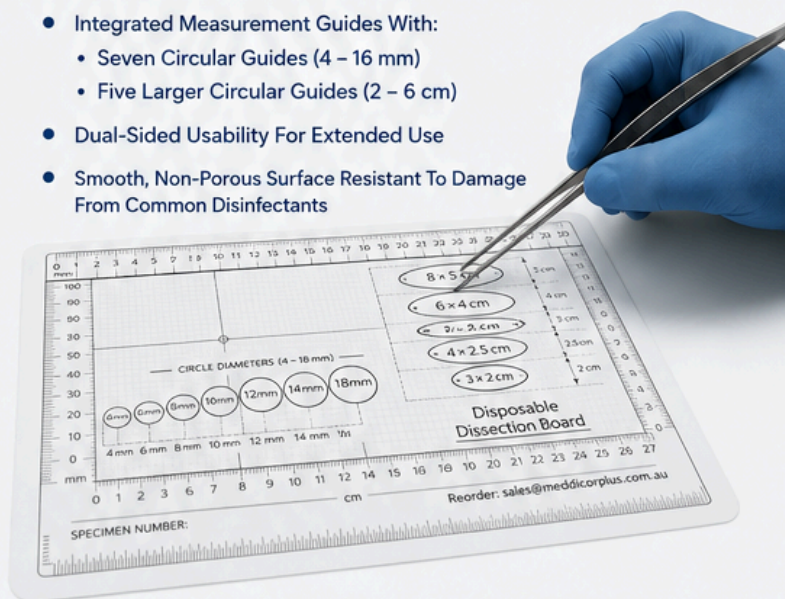

SMALL	6" × 8" (15 × 20 cm)	\$1.75
MEDIUM	9" × 12" (23 × 30 cm)	—
LARGE	12" × 19" (30 × 48 cm)	—

BENEFITS

- ✓ Promotes A Clean, Safe, And Efficient Workspace For Handling Biological And Infectious Specimens
- ✓ Combines Flexibility With Durability For Reliable Performance
- ✓ Suitable For Clinical, Laboratory, And Educational Environments
- ✓ Supports Infection Control And Regulatory Compliance

DESIGN HIGHLIGHTS

- Integrated Measurement Guides With:
 - Seven Circular Guides (4 – 16 mm)
 - Five Larger Circular Guides (2 – 6 cm)
- Dual-Sided Usability For Extended Use
- Smooth, Non-Porous Surface Resistant To Damage From Common Disinfectants
